- Sound-dampening effect
- Easy to fix on the wall
- Mounting cleat included
- Delivered preassembled

Material	PET Felt
Size	1242 x 602 x 186 mm
Weight	3.4 kg
Reaction to fire classification	B-s1, d0

ABOUT A LINE 03

About A Line 03 is inspired by impressive windows of historic palaces and cathedrals. These shapes are now captured in the innovative PET Felt material. Besides that the composition improves a room aesthetically, it also benefits the acoustics. About A Line is easy to hang on the wall using the included French cleat.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch. Keep in mind that the panels have a nap direction on both sides. To avoid alterations in appearance, we advise to check the nap direction and mount the panels on the same side.
