## ABOUT A LINE 01

About A Line 01 combines three contrasting rounded shapes into a widely applicable work of art. Besides that the composition aesthetically improves a room, it also benefits the acoustics. About A Line is easy to hang on the wall using the included French cleat.

## PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

## COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch. Keep in mind that the panels have a nap direction on both sides. To avoid alterations in appearance, we advise to check the nap direction and mount the panels on the same side.
