PARALLEL PET FELT HANGING DIVIDERS

Parallel dividers offer an elegant solution for privacy, dampening unwanted sounds and shielding from visual distractions. Thanks to their lightweight design and smart mounting fixture, the installation is fast and easy. It's always possible to reconfigure the layout if your plans change, as you don't need to make any permanent alterations to the room structure.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch.
