CUBES PET FELT HANGING DIVIDERS

Cubes hanging dividers create a unique graphic expression, an adornment to any room. Thanks to their delicate hanging fixture and see-through design, the dividers won't compromise the open character of the interior. Designed for open-plan areas in offices and restaurants, these flexible partitions dampen the noises and shield from visual distractions.

PET FELT

The dividers are made from PET Felt, a sustainable and durable material produced from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. In addition to the sound-dampening effect and visual appeal, the dividers also offer extensive impact resistance. They will serve a long time and can be easily recycled afterwards.

COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch.
