Dimensions 1 divider	2400 x 600 x 9 mm
Cord length	max. 1000 mm
Weight per set	4.8 kg

BEEHIVE PET FELT HANGING DIVIDERS

Designed for open-plan interiors, Beehive dividers will take care of acoustics and add a playful touch to any environment. Hexagons on the panels form a unique geometric pattern with a see-through effect. The dividers are ceiling-suspended and can be installed at the desired height in a few simple steps. Thanks to the porous structure of PET Felt material, they also offer a gentle sound-dampening effect.

PET FELT

The dividers are made from PET Felt, a sustainable and durable material produced from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. In addition to the sound-dampening effect and visual appeal, the dividers also offer extensive impact resistance. They will serve a long time and can be easily recycled afterwards.

COLOURS ①

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch.
