## DOTS PET FELT HANGING DIVIDERS

Dots hanging dividers add functionality and style to any space. Made from acoustic PET Felt material, these flexible walls dampen the noises and visually define areas within offices, restaurants and open-plan interiors. The dividers come with a simple mounting fixture and are available in a rich palette of colours to meet the exact needs of your space.

## PET FELT

The dividers are made from PET Felt, a sustainable and durable material produced from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. In addition to the sound-dampening effect and visual appeal, the dividers also offer extensive impact resistance. They will serve a long time and can be easily recycled afterwards.

## COLOURS

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch.
