

STANDARD FLUX ACOUSTIC WALL PANEL

PET Felt brings new life to plastic bottles. It is a versatile, durable material with soft texture and sound-dampening properties. Pleasing to the eyes, ears and environment.

PRODUCT OVERVIEW

- Unique 3D wall effect
- Improves acoustic comfort
- Adjustable width per element
- Made from recycled PET felt

Material	PET Felt
Size	2400 x 750 x 63 mm
Thickness	9 mm
Weight	8.2 kg

FLUX ACOUSTIC WALL PANEL

Flux transforms flat surfaces into rhythmic, sculptural walls with its bold triangular structure. The angled PET felt elements absorb sound and reduce echo, improving acoustic comfort in busy interiors. Made from recycled plastic bottles, Flux is a durable, visually dynamic solution for calmer, better-sounding interiors in offices and public spaces.

PET FELT

PET Felt is a sustainable and durable material made from recycled plastic bottles. Thanks to its open-cellular structure, PET Felt demonstrates great acoustic properties. PET Felt panels are soft to touch, impact-resistant and easy to process.

COLOURS ⓘ

Since PET Felt is a recycled material, slight colour deviations may occur between different batches. It is recommended to order the required quantity at once to make sure the panels come from the same batch.
